VENDOR REGISTRATION PROCEDURES

On-line Vendor Registration at Maricopa County is available NOW!

On November 22, 2004, Maricopa County changed its vendor registration process. Paper forms will no longer be accepted. Vendor registrations will only be accepted through the active website. Register at <http://www.maricopa.gov/Materials/>

The new process will give you full control over your organizational information. Please be advised however that you are now directly responsible for the presence and accuracy of your company's information.

Vendors currently registered in our system who have changes to their information or have not registered online must establish a new account via the above web site link. Materials Management will no longer post changes to existing vendor records.

Procurement vendors: Be sure to select those commodity codes that best represent the commodities and or services provided by your organization. Non-procurement registrants may ignore the commodity portion.
